 (Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: Applicant agrees to amend independent claims 1, 15, and 20 to recite that ends of the belt portion/support device are attached to a mating connection member of the safety strap. These changes serve to distinguish from the Jacobs reference. The other claims will be amended to avoid positive recitations of the safety strap and correct antecedent basis ambiguities.
